

**ASX / MEDIA ANNOUNCEMENT (ASX: JNO)**

**28 JULY 2021**

## **QUARTERLY ACTIVITIES REPORT FOR THE QUARTER ENDED 30 JUNE 2021**

### **HIGHLIGHTS**

- Juno Minerals commenced trading on the ASX on 14 May 2021, with \$8.9 million to progress the Mount Mason DSO Hematite Project.
- Integrated Development Partner engaged to undertake Project and Construction Management Services.
- Invitations to tender were issued for all the major contracts, including early contractor involvement for the existing Cassini Village upgrade, expansion and Mine Operations Centre.
- Meetings held with regulatory bodies to progress remaining approvals and provide overall update and support for the Project.
- Work progressed on the logistics supply chain with Southern Ports and bulk logistics suppliers.

### **MOUNT MASON DSO HEMATITE PROJECT**

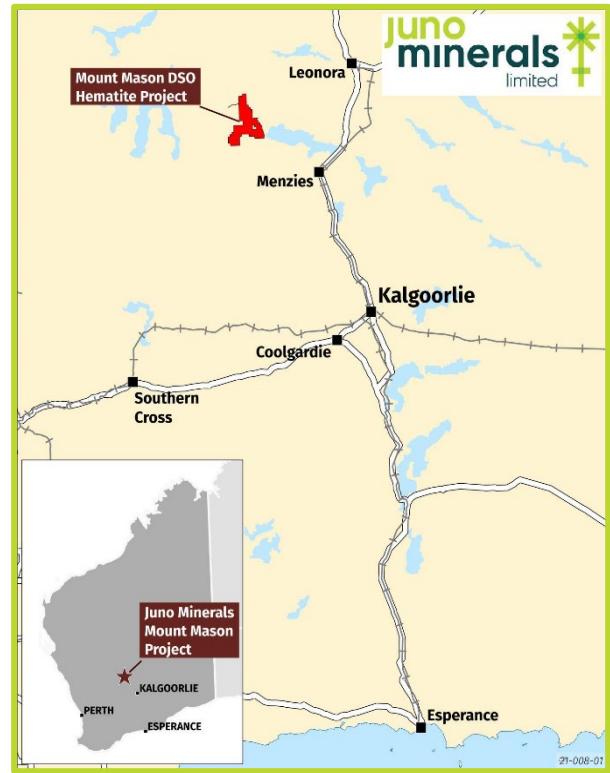

Juno Minerals Limited (**Juno** or the **Company**) is progressing the Mount Mason DSO Hematite Project (the **Project**), which is a high-grade direct shipping ore (**DSO**) hematite, near-term project. The Project is located 130km by road northwest of the town of Menzies, Western Australia.

#### **Contractor Engagement**

Juno is employing a contracting strategy to minimise upfront capital costs and reduce the development timeline. During the quarter, Juno engaged P1 Australasia (**P1**) to undertake project and construction management services.

Invitations to Tender were issued to market for contract mining services, crushing, access roads construction, and village facilities management. A site visit was undertaken on 15 July with the mining and road construction contractors, of which some parties are tendering for both packages, and positive feedback was received from all. All tenders issued are due for submission to Juno by the end of July.

Juno also engaged three groups as part of an Early Contractor Involvement (**ECI**) process for the existing Cassini Village

**Figure 1: Project Location**

upgrade and expansion from 40 to 100 rooms. This tender also includes the mine non-process infrastructure. These groups also visited Cassini Village over June to assess the camp's current condition for upgrade work required.

Requests for Pricing (**RFPs**) have also been received for site communications, medical services, and survey services.

## Project Approvals

Prior to Juno's ownership, the Project was fully permitted. However, with three permits having expired, and with subsequent environmental legislation changes required, these approvals are to be updated and resubmitted.

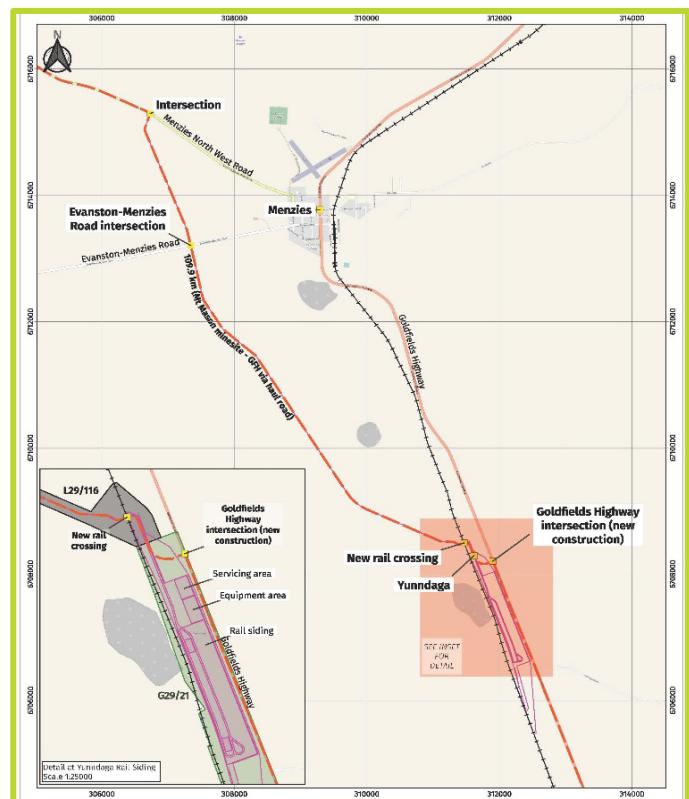

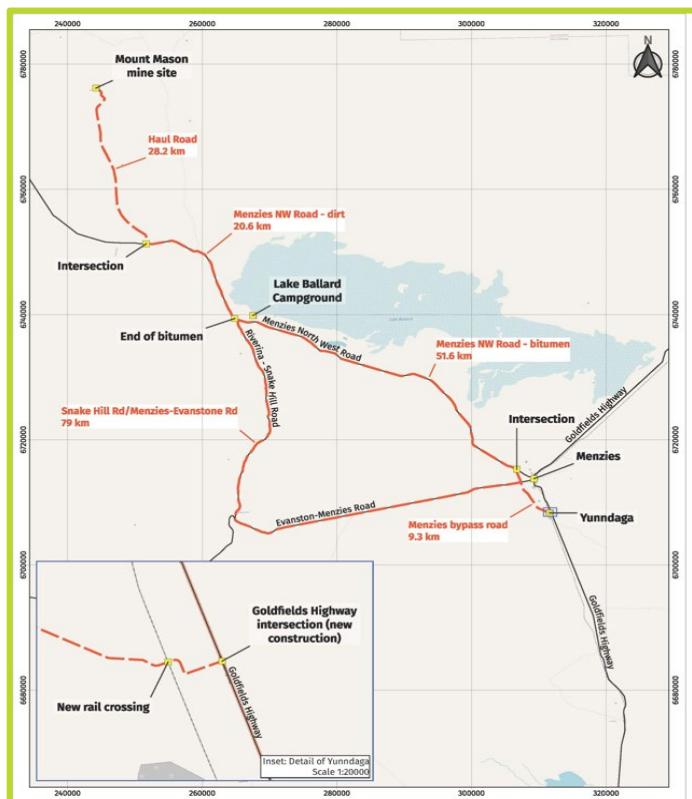

During the quarter, Juno met with the Department of Mines, Industry Relations and Safety (**DMIRS**) to discuss the Project and approvals status. The Native Vegetation Clearing Permits (**NVCPs**) for the Project and the Yunndaga rail siding, and the Works Approval (**WA**) having expired, are required to be resubmitted for approval. An Autumn flora survey and fauna survey were undertaken under the revised environmental guidelines, with the new data received in early July. Juno's environmental approvals team has subsequently combined the new and previous environmental data into new refreshed documents which will be completed by the end of July. The two NVCPs and the WA will be submitted in the first week of August so that the assessment process can commence with DMIRS, with the expectation of conditional approval pending the Spring survey data. A Spring flora survey is scheduled to be undertaken in early August, with the report to be submitted as an addendum to the original applications.

Juno also met with the Department of Water and Environmental Regulation (**DWER**) subsequent to the quarter end, presenting the environmental strategy for the Project including the current Malleefowl management plan, Autumn survey data and plans for dust, noise and waste emissions.

## Logistics and Supply Chain

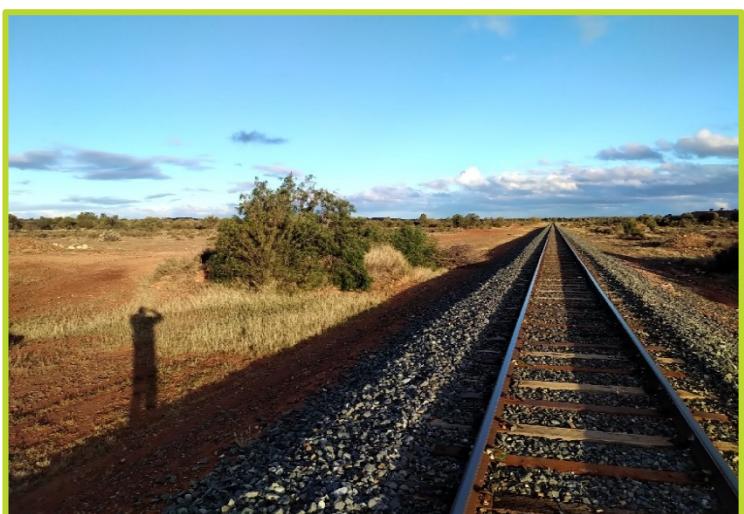

New access roads are required to be constructed to haul the DSO to the Goldfields Highway (**GFH**), a 28.2km section from the mine site to access the Menzies-Sandstone road, and a 9.3km Menzies bypass road to access the Yunndaga rail siding area requiring a new rail crossing, and a new T-intersection to access the GFH. The location of the GFH intersection has been approved by Main Roads WA, with design work currently underway for both the intersection and the rail crossing.

**Figures 3 and 4: Transport route mine site to Yunndaga and Goldfields Highway**

During the quarter, Juno progressed engagement with the necessary logistics supply chain providers and Southern Ports in relation to access to the Port of Esperance. In order to minimise upfront capital and fast-track to production in the first quarter of 2022, a number of potential options of the supply chain are being progressed to export DSO and to benefit Juno in the longer term.

Existing rail infrastructure south of Menzies to load DSO onto rail is being pursued in the interim, deferring development of the Yunndaga rail siding. Once in production, Juno will assess the development of the Yunndaga rail siding, to minimise road haul and maximise rail haulage.

## CORPORATE

*Figure 6: ASX Listing of Juno Minerals Limited*

On 12 May 2021, Juno was admitted to the official list of the ASX, and official quotation of Juno's securities commenced on 14 May 2021.

The Company's initial public offering (**IPO**) raised \$3.9 million, and seed capital of \$5 million was provided by Jupiter Mines (ASX: JMS).

In accordance with ASX Listing Rule 5.3.4, as the June quarter was in a period covered by a "Use of Funds" statement in the Replacement Prospectus, below is a comparison of the Company's actual expenditure to 30 June 2021 against the estimated expenditure in the "Use of Funds" statement and Statement of Commitments in the Company's Pre-Quotation Disclosure on 12 May 2021:

| \$                                                                     | Expenditure<br>Program | Period to<br>30 June 2021 |
|------------------------------------------------------------------------|------------------------|---------------------------|
| 1. Costs of the Offer                                                  | 348,504                | 350,226                   |
| 2. Corporate overheads – CEO Salary and Secondment Fee                 | 648,958                | 26,735                    |
| 3. Tenure costs                                                        |                        |                           |

|                                                                    | <i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>                                                                                                         |                                                     |                                            |
| 8.8                                                                | If item 8.7 is less than 2 quarters, please provide answers to the following questions:                                                                                                                                                                                                                                                     |                                                     |                                            |
| 8.8.1                                                              | Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?                                                                                                                                                                                                 |                                                     |                                            |
|                                                                    | Answer:                                                                                                                                                                                                                                                                                                                                     |                                                     |                                            |
| 8.8.2                                                              | Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?                                                                                                                            |                                                     |                                            |
|                                                                    | Answer:                                                                                                                                                                                                                                                                                                                                     |                                                     |                                            |

- 8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

*Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.*

## Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

 (Name of body or officer authorising release – see note 4)

### Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
