The Works Approval Application for the Project has now been approved by the Department of Water and Environmental Regulation (**DWER**).

The Native Vegetation Clearing Permit (**NVCP**) application for the Yunndaga rail siding was granted by the Department of Mines, Industry Regulation and Safety (**DMIRS**) in December last year.

The Mount Mason NVCP was expected to be granted in mid-February, however remains under assessment by DMIRS and the Department of Biodiversity Conservation and Advantage (**DBCA**) due to resource shortages within the Departments.
